1. **2x**

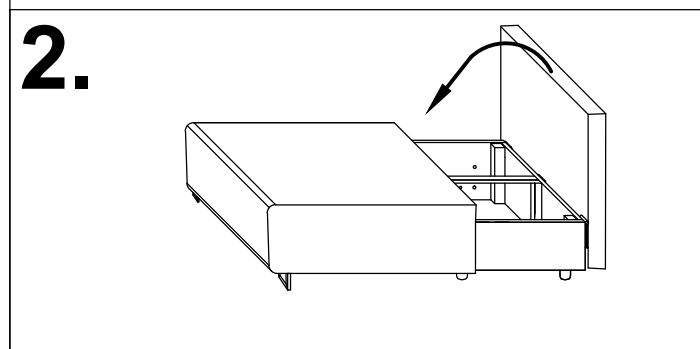

Step 1: Tightening a spring mechanism. A circular inset shows a close-up of a spring being adjusted with two wrenches. The main diagram shows the bed with a callout to this mechanism.

1. **2x**

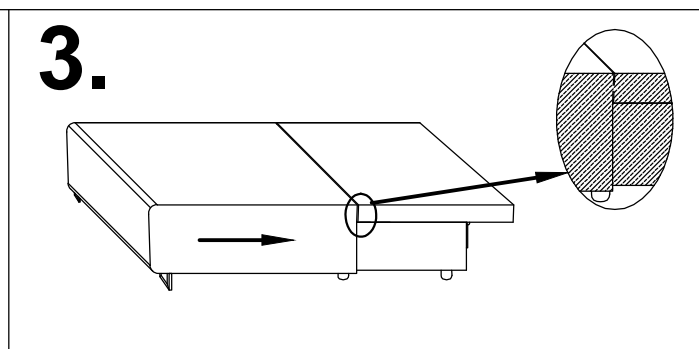

Step 1: Tightening a spring mechanism. A circular inset shows a close-up of a spring being adjusted with two wrenches. The main diagram shows the bed with a callout to this mechanism.

2.

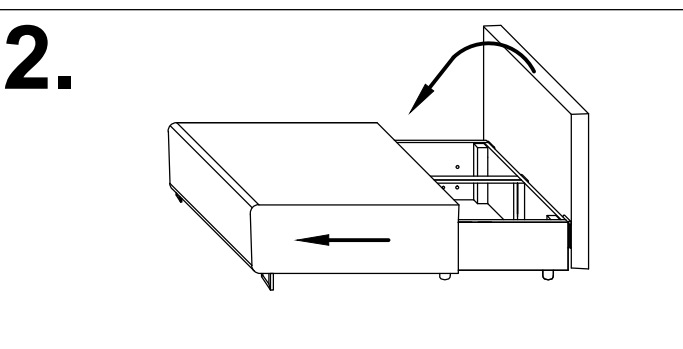

Step 2: Lifting the bed frame. An arrow indicates the frame being moved upwards.

3.

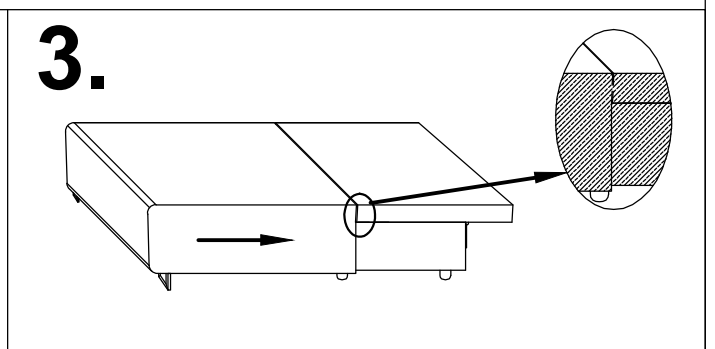

Step 3: Sliding the bed into position. An arrow indicates the bed moving to the right. A circular inset shows a detail of the side panel.

2.

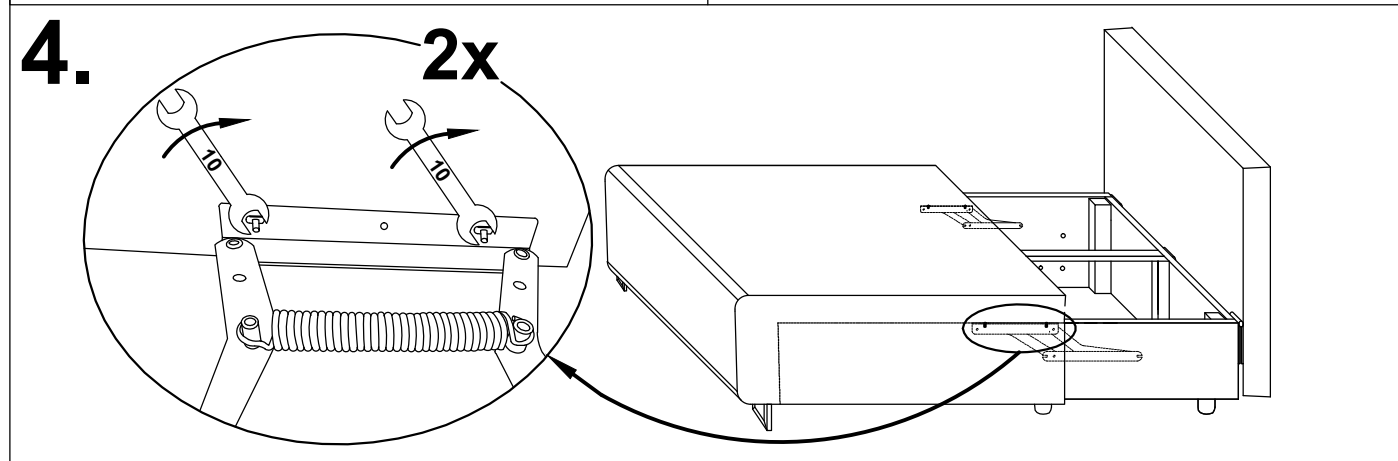

Step 2: Lowering the bed frame. An arrow indicates the frame being moved downwards.

3.

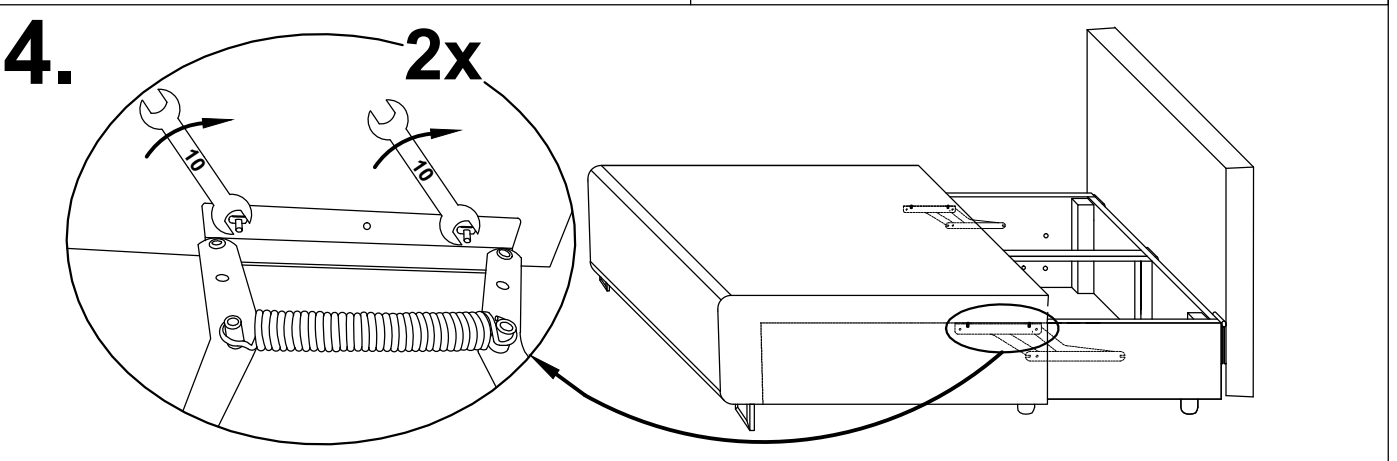

Step 3: Sliding the bed into position. An arrow indicates the bed moving to the right. A circular inset shows a detail of the side panel.

4. **2x**

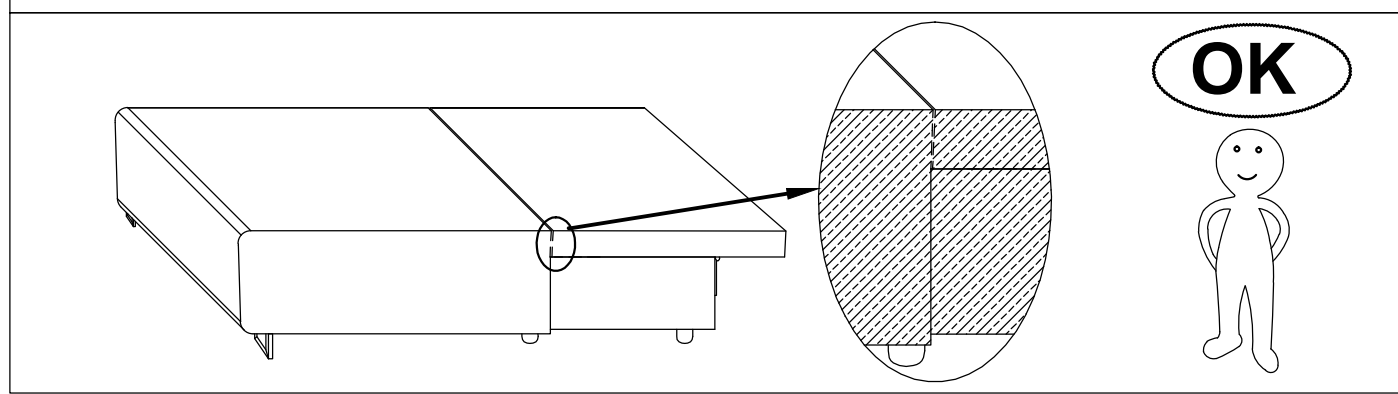

Step 4: Tightening a spring mechanism. A circular inset shows a close-up of a spring being adjusted with two wrenches. The main diagram shows the bed with a callout to this mechanism.

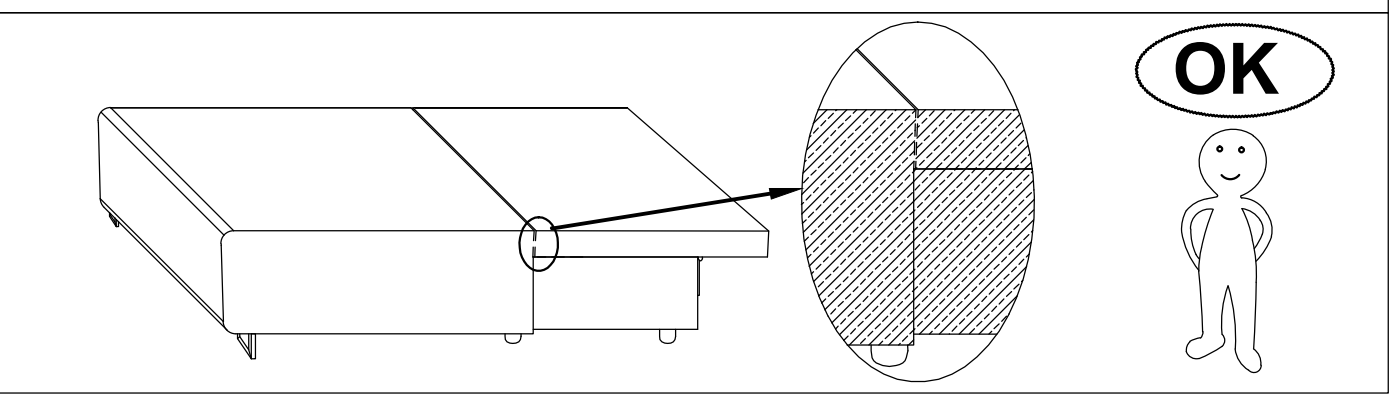

4. **2x**

Step 4: Tightening a spring mechanism. A circular inset shows a close-up of a spring being adjusted with two wrenches. The main diagram shows the bed with a callout to this mechanism.

Final assembly diagram showing the bed fully assembled. A circular inset highlights the side panel area. A person icon with an "OK" thought bubble indicates satisfaction.
